Continuation of Substance of Interview including description of the general nature of what was discussed:

Examiner left voice mail message suggesting to amend claim 19 by replacing it with:

- - - A device according to claim 1 wherein the inertia sensor has been previously calibrated therewith. - - -

Attorney responded on March 30, 2009 with an additional time to consider request but by then upon further reflection the examiner believed the other claims initially thought in allowable form may not be in compliance with 35 U.S.C. 112.

Claim 19 as presently presented appeared possibly not to comply with 35 U.S.C. 112(1 and 2) and 37 CFR 1.75(c) which was why the amendment was suggested.
